

Specification Sheet

Part Number: 110-09950

Heavy duty construction for easy cutting of MBT-series ties.

Tensioning via trigger puts full process control in the hands of the operator.

Ergonomic design and performance reduce hand strain and labor downtime.

KST-STG200 Stainless Steel Tie Tensioning and Cut-Off Tool, 1/pkg

Article Number 110-09950

Type KST-STG200

Color Metal (ML) Black (BK)

Quantity Per carton

Product Description The KST-STG200 tool cuts stainless steel MBT-series cable ties up to 12.3mm width. Pulling the trigger tensions and cuts off the excess tail for a clean finish while reducing hand strain. The KST-STG200 is an economic option compared to competing tools and provides greater tensioning reliability than tensioning by hand. Its heavy duty metal design delivers strength and reliability in harsh environments.

Short Description KST-STG200 Stainless Steel Tie Tensioning and Cut-Off Tool, 1/pkg

Global Part Name KST-STG200-MET-BK/ML

Tension Setting Tools	Manual
Cable Tie Width Max (Imperial)	0.48
Material	Metal (MET)
Material Shortcut	MET
Use Conditions	For Indoor and Outdoor Use
Reach Compliant (Article 33)	Yes
ROHS Compliant	Yes
Package Quantity (Imperial)	1
Package Quantity (Metric)	1
Customs Number	8205599000
Weight (Metric)	0.56
