

## Specification Sheet

Part Number: MK9P-117

Tool made of heavy duty parts to ensure optimum performance in demanding environments.

Ideal for heavy-duty ties (T50-T250), clamp and button head ties.

Same ergonomic improvements as the MK7P.

Low weight, comfortable grip and easy trigger depression.

Very durable, with adjustable, easy to read tension settings.

Lock-out features available.

Comes with lower air attachment, and optional upper air attachment.

Front nosepiece, 1/Pkg

Article Number	110-09117
Type	SP MK9P front nose piece
Color	Metal (ML)

Product Description	The Mark 9 Pneumatic (MK9P) is constructed with heavy duty parts to ensure that it performs optimally in demanding environments. It is ideally designed to apply heavy-duty ties (T50-T250), clamp and button head ties. Like the MK7P, HellermannTyton's MK9P incorporates the next level of ergonomic improvement with its low weight, comfortable grip and easy trigger depression. Very durable, the pneumatic MK9P features adjustable, easy to read tension settings. Lock-out features are available. The MK9P is available with lower air attachment (standard) or can be ordered with an upper air attachment.
Short Description	Front nosepiece, 1/Pkg
Global Part Name	SP MK9P front nose piece-MET-ML
Tension Setting Tools	Adjustable
Material	Metal (MET)
Material Shortcut	MET
Use Conditions	For Indoor and Outdoor Use
Reach Compliant (Article 33)	Yes
ROHS Compliant	Yes
Package Quantity (Imperial)	1
Package Quantity (Metric)	1

Customs Number 8467920090

Weight (Metric) 0.019
